REFACTORING PHP

código mal estructurado

switch interminables

legacy code

código sin tests

código espagueti

ficheros de 1000 lineas

controladores gigantes

REFACTORING PHP

PHPSevilla

...is a disciplined technique for restructuring an existing body of code, altering its internal structure without changing its external behavior.

refactoring.com

"a change made to the internal structure of software to make it **easier** to **understand** and **cheaper** to **modify** without changing its observable behavior."

Martin Fowler
